

Math Homework Requirements

1. Name in upper left corner of every page. (or on printed name line if provided)
2. Read the directions.
3. Use pencil.
4. Make it legible.
 - a. Not in 3 point font
 - b. Dark enough that I can see it without holding it up to the light.
 - c. Need to be able to tell 5 from 6, etc.
5. Show ALL work.
 - a. Copy the problem (except word problems)
 - b. One line per step.
6. Skip a line between problems.
7. Keep problems in order. If skipping a problem, leave space to do it later.
8. Box all answers.

What if?

I accidentally skip a problem and have to add it in later?

- _____
- _____

There's not enough room on the worksheet for me to show all my work.

- _____
- _____
